

Clatsop Community College

Student Right-to-Know 2001-2002

(Graduation Rate Disclosure)

Clatsop Community College is a two-year public college accredited by the Northwest Association of Schools and Colleges. In compliance with the national Student Right-to-Know Act, and in order to assist you in evaluating Clatsop Community College's programs and services, the following information on graduation rates as well as licensure/certification passage rates is produced annually.

Of the 147 full-time, first-time, degree or certificate-seeking students enrolled Fall Term, 1999, 31 students (21.1%) completed a degree/certificate program by the end of summer term, 2002, (three years or 150% of the standard degree completion time for full-time college students enrolled in 12 or more credits). In addition, 29 students (19.7%) prepared at Clatsop for successful transfer to another college prior to graduation. Twenty-seven of the students (18.4%) were still enrolled at the College.

The combined percentage of students who completed degrees/certificates, successfully transferred to another college, or who were still enrolled was 59.2%. Of the 40.8% who did not graduate, transfer, or remain enrolled, an unknown percentage may have, as a result of coursework taken at the College, obtained employment prior to graduation in high demand industries where there was a labor shortage.

It is also important to know how well the College prepares students to take the licensure/certification exams required for entrance into some occupations. Of the programs available at Clatsop Community College, those requiring such external licensing exams are the Maritime Programs: Radar Observer and Coast Guard License Training; Nursing, EMT, and Welding. Following is a graph indicating the pass rate for exams taken by students in each program.

Licensure/Certification Results 2001-2002

Note:

- EMT Intermediate—not offered this reporting year
- Welding—no students were prepared for certification

Data sources:

- *Data on Clatsop's graduation rates; transfer rates, and number of students still enrolled –Director Enrollment Services, Roger Friesen*
- *Licensure/Certification results – Department Chairs: Bill Antilla and Karen Burke*
